

Sports Premium Update

Summary of grant spending 2016-2017

Grant received £10,225

At Withernsea Primary School we believe that PE and sport plays an important role within each child's education.

We have welcomed the Government's announcement to provide additional funding to improve provision of physical education and sport in primary schools until 2020. We are committed to using this resource to develop high quality PE lessons, provide training and support to all staff and to provide greater opportunities for sporting competitions and clubs for all our young people.

SPORTS PREMIUM GRANT 2016 – 2017

For the forthcoming academic year Withernsea Primary School will split the fund into three areas:

Physical Education – continue to raise standards in PE and Games

Healthy Active Lifestyles – increase activity levels at lunch times and after school

Competitive School Sports – increase participation levels in extra- curricular sport.

Spending Record 2016 - 2017

What have we done	Activity	Cost
To enhance PE provision in lessons and additional support to teachers.	To employ P/T Sports co-ordinator	£17,263

Improved PE and Games resources to allow children to experience different sports and develop a wider range of skills.	Purchased: Tri golf equipment Rounders posts and bats British Dodgeball Set x 3 Ultimate Frisbee	£500
	TOTAL	£21,414

2014/15 we conducted a PE and School Sport audit with staff to develop our Sports Premium plan to raise standards and the delivery of PE and games throughout the school.

The audit showed that most staff felt they lacked confidence and knowledge in gymnastics and dance. They did feel more confident in games and upskilled through training and working with Fit4Fun and Hull City Tigers Trust coaches in 2015/16.

The sports premium grant has enabled us to employ a specialist dance and gymnastics coach to work with the children and up skill the teachers for on an ongoing basis.

Our rationale for the use of the Sports Premium Funding is as follows:

- all children benefit regardless of sporting ability
- the most able children are given the opportunity to compete in tournaments with other schools
- the less able given the opportunity to compete in intra school tournaments to allow them to improve their skills and gain confidence
- staff have access to training opportunities and continued professional development
- we make use of collaborative and partnership working

The Sports Premium Funding has been beneficial in assisting with the development of our provision for PE and school sport. We continue to work towards all staff improving their knowledge and skills to enhance their delivery of PE/games lessons and continue to adapt the curriculum/sports clubs to meet the needs of the children.
